

# Spacelight

The Anytronics Spacelight is designed to produce an even illumination from six 800W linear tungsten halogen lamps. The fine Knitmesh material used over each lamp pod gives complete safety after lamp breakage with unhindered light output.

The Spacelight is suspended from a 60mm steel plated ring by three 475mm multi-stranded suspension wires that connect to three stainless steel mounting points on the disc for even load distribution and to avoid distortion of the disc.

Three substantial interlocking legs project above and below the main disc to provide stable storage on a flat surface and the legs on stacked discs interlock to produce a stable stack of Spacelights in storage. A compatible trolley available from Anytronics will accommodate two such stacks of ten Spacelights each for ease of transport and storage.

Fittings for a wide range of other manufacturers' textiles are incorporated in the Spacelight design, but Anytronics produce their own lightweight textile system with easily removable metal parts making washing and textile replacement easy.

- 6 x 800W Spacelight
- High output uniform illumination
- Robust stackable construction
- Power connection options:
  - 2 x 16A CEE17 plugs
  - 1 x 19 pin Socapex plug
  - 1 x 16 pin Harting plug
- Heavy duty German made lamp holders
- Interlocking feet for stable stacking
- Separate 3 point suspension system
- Knitmesh safety mesh on pods for long life
- Versatile textile attachment system
- Textiles all available separately:
  - White skirt
  - White target
  - Black skirt
- Rear M12 centre mount captive nut (optional)

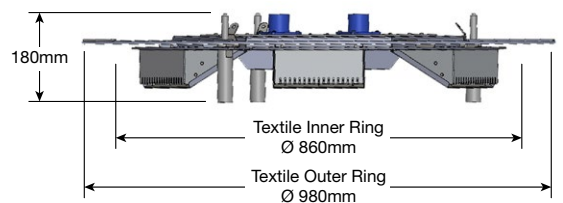

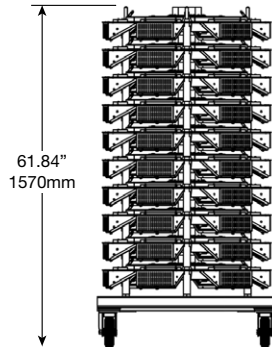

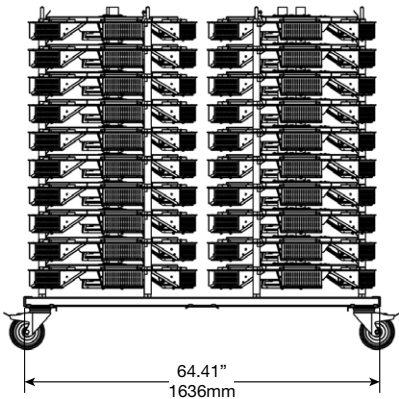

## Accessories

Anytronics trolley specifically designed to carry up to 20 Spacelight Targets

## Dimensions

Trolley dimensions, 20 units - 10 per stack without textile rings fitted.

## Specifications

Rating	4800W
Voltage	220-240V AC
Lamp Type	800W 230V 3200°K (P2/11)
Lamp Holder	R7s
IP Rating	IP20
Maximum Surface Temperature	225°C
Maximum Ambient Temperature	45°C
Min. Distance to Illuminated Object	5m
Min. Distance to Flammable Object	1.5m
Net Weight Lamphead only	10.3kg
Gross Weight Inc. Skirts + Target	15.5kg

## Power Connector Options

- 2 x 16A CEE17 plugs
- 1 x 19 pin Socapex plug
- 1 x 16 pin Harting plug

## Dimensions

Spacelight	780mm (Ø) x 180mm (h)
White Skirt	860mm (Ø) x 1m (h)
Target	860mm (Ø)
Black Skirt	980mm (Ø) x 1m (h)
